

Building a home for our cold nosed friends...

How our plea came about....

On Saturday, February 20, 2010, I went to Baoshan with a friend who in turn introduced me to Ayi Wang.

Ayi Wang is a caring and kindhearted individual who herself has personally rescued abandoned and abused dogs (22 dogs / 12 cats in the shelter and 5 dogs / 4 cats in her home!). For the past couple of years she has housed them in a building with limited space and resources (linen, food, medical care etc).

Everyday, she takes a bus, which take over an hour to the vicinity to feed and check up on the dogs. She has 5 other Ayi friends helping her, however, with no funding, they can only do so much in providing the animals medical care & pet supplies.

Currently each pen (4 in total - 3 pens for the dogs and 1 pen for the cats, approx 7 x 4 feet in size) holds 6-7 dogs per pen.

I have seen the dogs and they are all adorable and wanting attention. I am just glad that these dogs are out of harms way, however, their living conditions need to be drastically improved.

Apparently, all of the dogs have been vaccinated, dewormed, deflead and desexed. This is something that we would like to have a veterinarian come out and thoroughly check. Ayi Wang is doing her best in caring for these animals and seeing the situation on Saturday has inspired me to help this person and the animals.

The goal now is to raise **10,000 RMB** (this is the cost to build them a proper kennel). This will provide a bigger home & space for the dogs/cats. It will also give us the opportunity to health check each dog/cat, have them professionally groomed and provide them with pet supplies, linen, food, chewing bones with extra funding received. Once the donations have been received, the contractors will take approx 1 month to build the units. The home will provide ample space and walking area for the dogs to be exercised in and an area for play.

We will have the dogs/cats screened (health) and ensure their temperament and character is deemed suitable for adoption. Slowly but surely we will push to have the animals adopted out to good homes and to loving families.

With your support, JAR will be able to continue its mission:

To provide education and outreach in the community, medical services for needy animals, upgrade facilities for homeless animals, and strong adoption programs to ensure that every companion animal lives in a safe, secure, and loving home.

Thank you to the volunteers who came to Baoshan to assist with vaccinating and giving rabies shots to the animals. It was pouring rain; however, it did not stop us from doing what we needed to do!

A couple of dogs are still pending to be spayed and neutered. With the extra funds received, we will have them desexed and provide dental care to any animal that requires descaling or tooth extractions.

JAR will be placing a few animals on the website that are deemed suitable for adoption. We hope in time, all the animals will be adopted out eventually. When the new home is built, the dogs will be deflead and dewormed. We will have the groomers come again to wash the dogs, purchase a couple of cat trees for the cat sanctuary and many others.

The workers anticipate construction be finished by April 11th. We are fortunate to have several volunteers from the Shanghai American School (thanks to Marney) coming on April 25th to see the shelter, do a spot of cleaning, decorating, and provide human interaction with the animals. We have pasted some animals on this page and the next that are in need of good and loving homes.

Update: Extended Home – March 24th, 2010

So far, it has only been a week and the workers have substantially already built the extended home. At this rate, they should be able to finalize everything by April 11th!

Progress being made....

JAR would like to give our heartfelt thanks and a big thank you to everyone for your generous donations. We raised an astonishing **44,666 RMB!**

Your contributions made it possible for us to build the extended home for the dogs and cats in Baoshan. With the extra funds received, it provided the animals' vaccinations and rabies shots too.

Since we were established (March 2009), we have successfully adopted over 160 animals, raised further awareness in the community in what we do and implement projects like in Baoshan achievable because of thoughtful contributions from people like you. The next few months, we plan to have the dogs & cats in Baoshan adopted out to loving families, continue saving helpless animals out in the streets and educate the community about pet care/health. However, as you know, there is always cost involved and we hope for your continued support in the future.

Once again thank you for your generous donations!

Donations received:

- 🐾 Joy Gao - 5000 rmb
- 🐾 Buddy Dog - 2000 rmb
- 🐾 SH Place - 1000 rmb
- 🐾 Kate Constance - 500 rmb
- 🐾 Rosa (USA - Paypal) 5000 rmb
- 🐾 Ellen (USA - Paypal) 4000 rmb
- 🐾 Lao Yu Juan - 10000 rmb
